Regarding 09/543,028

REASONS FOR ALLOWANCE

Claim 1 is a method claim with a series of 6 steps. The prior art of record does not anticipate and does not make obvious the claim 1 sequence of 6 steps: identifying..., organizing..., organizing..., traversing..., generating..., and using...

All other claims are allowed for the same reason as claim 1, because they contain the same limitations or depend from a claim with the same limitations.

Some additional prior art is presented in the attached form PTO-892. Specifically, US Patent 5,845,221 discloses "a load control unit" at Abstract.
